

## What Garlic Varieties should I grow in my location?

The United States Department of Agriculture has a “Plant Hardiness Zone Map”. We recommend growing the following sub-species in the listed zones. To find your zone, check out the map or use <https://planthardiness.ars.usda.gov/phzmweb/Default.aspx> to type in your zip code. These are our recommendations per sub-species of garlic:

Artichokes	Zone 4 or higher	*Denotes Sub-species not available
*Creoles	Zone 8 or higher	
*Turbans	Zone 6 to 9	
Asiatics	Zone 4 to 9	
Porcelains	Zone 3 to 7	
Marbled Purple Stripes	Zone 3 to 8	
Purple Stripes	Zone 3 to 7	
Rocamboles	Zone 3 to 6	
*Silverskins	Zone 6 to 8
